

Real World Solutions from

Featuring:

Got Friction?

We Stock Solutions!

Problem Applications? Don't Settle.... We can Solve Them!

IP provides higher performance materials and can provide custom machining work for real world solutions. We sell only the finest materials from manufacturers who understand high wear, intense corrosion and impact problems. Through them we develop higher performance versions of their materials to resolve your problem applications. Ask us about your problem application and our ability to apply highly engineered polymer solutions in the real world.

Interstate Plastics is your one-stop solutions center.

Call us today...we provide solutions in plastic.

Features:

- ◆ Exceptional Wear Resistance (40% better than other UHMW)
- ◆ Improved slip feature, 30% better than other UHMW
- ◆ Fully UV stabilized for outdoor use
- ◆ Enhanced thermal stability compared to other UHMW
- ◆ Outstanding Corrosion Resistance
- ◆ 85 percent lighter than steel

Benefits:

- ◆ Greatly reduced maintenance costs on power & product
- ◆ Reduced friction requires less power, lowers costs
- ◆ Outwears regular UHMW but is competitively priced
- ◆ Higher profits from increased productivity
- ◆ Less wear on mating surfaces, fewer replacements

Products:

Our network of fabricators can make almost anything.

- ◆ Send your CAD file, print, drawing or sketch
Also — we STOCK materials to address-
- ◆ High wear applications like rock & sand
- ◆ Corrosive environments
- ◆ Stop-Start applications like conveyors
- ◆ Noise abatement and containment
- ◆ Non-Marking or staining challenges
